#### HISTORY

It came to pass in the fullness of time, the class of 1938 did gather upon the I3 day of September 1934 for a trip up through the Sandy Ridge High Schoo, much famed for its dissemimation of knowledge.

We newcomers, 40 in number, had collected a goodly bit of necessary baggage, in the way of bits of geography, sections of arithmetic, bunches of dates, fresh from the tree of History, packages of Civios, and supply of Grammar. Each moreover, had the required ticket—a certificate of promotion from the last station, the seventh grade.

And it came to pass that promptly upon the stroke of nime, we did answer the Gonductor's cry-that of Mr. V. R. White-of "mall aboard" and did start out on the up-rade in the frain of Knowledge. We were given places in the "Freshmen" section. We found the train equipped with a fine dining car whose capable cooks supplied us with food for our mental growth and development. The Boy's and Girl's Glee Clubs helped us to digest the meals of knowledge served us.

At the end of the first year, having successfully met the requirements of Freshman passengers we were transferred to the Sophomore our end with a membership of 32, bravely endured the jolting of the rougher travel: Our journey was livened by one stop, especially, Four of our car, "ancy, Warie, Lola and Vora-helped serve at the feast of the year-the Junior-Senior banquet. Franks were frequently indulged in when Conductor M. G. Minor and Engineer K. E. Brown were looking after other sections of the Train.

With the pessing of time we were again shiftbeing placed in the Junior Coach with 27 jolly members of whom passenger Beverly Hawkins mas elected president. Several passencers dropped

off at the side stations and did not resume the trip. Much enjoyed stops at Pleasure Resorts included Junior-Seniro Banquets and parties at Mrs. H. E. Carters, Mrs. W. E. Walls and Mrs. H. R. Smiths. Side trips were indulged in, to the Athletic Fields, where numerous passengers became proficient in basket-ball and baseball. The high light amusement on our Junior journey was the play "Crashing Society" sponsored by our Conductor, Er. E. M. Macon. Badges of Merit were pinned upon Vera Carter, Marie Stovall, and Beverly Hawkins, for their respective proficiency in Recitation, Best All Round and Declamation. The mental food contained many morsels hard to chew and diget, but with the faculty chefs declaring that, "it must be accomplished or we'll throw you off the Train, " the Junior passengers nobly did their duty.

Then came the happy day when the group 19 in number was transferred to the Senfor Goach with increased privileges and resconsibilities with Beverly Hawkins still Class Freeident. The grade became steeper, the journey rougher, but oh, the glorious view as the class of 1938 looked out on Commencement Station looming in the near companions during the long journey became even more closely united in school spirit and class bonds.

We appreciated more fully the supervision given us by Conductor 4. M. Macon, Head Brakeman Mrs. C. R. Darr, and the capable Fabulty Chefs.

We enjoyed the stops made for us by Mrs. Walter Lemons, Mrs. E. G. Carter, Miss Olive Joyce, the Juniors, Mrs. C. R. Darr, and Mrs. Lucy Smith.

11/

At Commencement station on the Mount of Learning, we leave the Senior Coach to become passengers on various roads leading through the Valley of Opportunity in the land of the Great Beyond to the cities of Success, Fame, and Worthy Achievement.

#### CLASS PROPHECY

And this class of 1938, of the Sandy Ridge High School, of the State of North Carolina, is the prophecy as revealed to me by a noted gypsy. It is fully warmented to be a yard wide and not to fade in the wesh. This prophetic vivion shows Ada Martin, Dean of Women at Greensboro College for Women, and Vera Carter the teacher of dramatics Leila Venable and Pauline "all as head nurses in Bellevue Hospital, New York, are very fond of presiding at the removal of appendixes and other bothersome organs. Dallas Rhodes, who was fond of drawing likenesses of the Faculty, is to win fame as an artist. The National Ford Com any has sent its three best mechanical engineers, Beverly Hawkins, Ulric Handy, and Hoover Joyce, their respective foreign countries, Russia, China and Japan. To Rugh Hawkins belongs the distinction of being the class spinster-not that she had no offer of marriage but because no man mea-sured up to her high ideals. In other words, she liked her typewriter better. Annie hae Smith took a school of one scholar and is making a splendid homekeeper. Lola Sisk and Nancy Joyce, es beauticians, when work gets dull, "lifts" each other's face. Kalph Hutcherson is slowly but surely rising to G-an Hoover's position. Cleo Lemons regularly delights early morning ricers with his musical ebility over radio station W B.T. Charlotte. Williard Joyce is Stokes County Mechanic for schools. His great love for school buses has kent him on a local job.

When I could get a wordin, I saked the rypsy lady if there would not be at least one president of the United States in this rotorious class of 1938. She said "you are to have a cresident but we can't determine whether it is tobe Paul Joyce or Jerome Joyce. They are both good prospects.

In the fall of 1937 twenty five candidates reported for the first besketbell practice. After a week of practice the squad was reduced to 12. The twelve that made the squad were Arzula whodes, Lottic Genter, Lene Brown, Elizabeth Ferguson, Cladys Kelson, and Edith Hennis, forwards. The guards were Lillie Mas P. iddy, Dorothy Brown, Eunice Amos, Gracie Dodson, Marie Stovall, and Wilmoth Emith. Lottic Carrier, Lene Brown, Elizabeth Ferguson; Gladys Kalson, Lillia Mae Priddy, and Dorothy Brown and Eunice Amos were all from the 8th grade.

Five games were played; four were lost; one was won. Lack of experience was the reason those game were lost. Most of them were lost by small scores.

Those making the teem were Augusta wayless; Virginie Bullins, and Arzula Rhódes, estchers; Annie Friddy, Ruth Hawkins, and Mildred Steele, pitchers; Maith Hennis, first base; Cladys Nelson second bese; Munice Amos, short stop; and Lillien Amos third base; Joris Vernon, Lottie warter, Irene Holland, Elizabeth Ferguson, Dorothy brown, and Lillie Mae Frado, fielders.

#### HOME ECONOMICS

Dainty ways of serving food have a useBulness beyond the value of their looks. Every one knows that a testefully prepared and served dish will always tempt even the most feeble specific.Stylish clothes and a neat and attractive home are not just a happen so. They must be studied and worked for; and where else can they be found than in the study of Home Economics? This teaches one to plen, furnish, and eere for the home, prepare the foods needed by each member of the femily, care for those members in sickness, entertein graciously and above all to dress neatly and becomingly.

Sixty-eight girls of Sandy Ridge High School made up the Home Economics Department.

"What joy to capture sound and send it throbbing through the hearts of men."

Some 50 girls reported for the first glee club practice in the fall of 1937. After a week of tryouts our present club of about 40 voices was formed. In making the club more enjoyable, many familiar songs have been mastered. Their singing repertoire consists of semiclassical and popular songs, and humorous songs. Their hermonious voices blend together to make their song most beautiful and effective. Many members of the club have combined with the boys in appearing in Parent-Teacher meetings, plays, and benquets. The glee club is joining with the boys for the first time at Commencement.

"Music hath charm for both man and beast".

In the fall of 1937 some 40 boys reported for the first glee club practice. After a week of tryouts the present club of about twenty five voices was formed. Along with hard work and practice an attempt has been made to make the glee club periods enjoyeble and in doing so, some of the time has been devoted purely to the singing of old favorites. Their singing repertoire consists of semi-classical songs, sacred songs, and popular music. Their own style of singing is very effective. Many of the boys have combined with members of the girls glee club and participated in Parent-Teacher meetings, plays and banquets. The boys are joining with the girls glee club for the first time in a mixed chorus at Commencement.
